Shaping Places into Memories

We provide full-service interior design and branding out of our Atlanta studio, integrating our expertise in hospitality, retail, restaurant, corporate and high-end residential projects. Our extensive talents and capabilities allow us to listen, strategize, design and express concepts that lead to distinguished interiors, renovations and branded environments.

The image shows a sophisticated lounge or bar interior. In the foreground, a large, dark wood table is surrounded by modern chairs with light-colored upholstery and dark frames. The background features several plush, brown leather armchairs arranged in a cozy seating area. The ceiling is high and industrial, with a multitude of Edison-style light bulbs hanging at various heights, creating a warm and eclectic atmosphere. Large windows on the left side offer a view of the city at night, with blue and white lights visible outside. In the background, a bar area with a wooden counter and stools is visible, along with a framed portrait of a man in a suit and hat. The overall design is a blend of modern and vintage aesthetics.

Lifestyle

Design to inspire.

Design with the end in mind.

Sims Patrick Studio

Memorable

Great design lasts forever

“Luxury is carefully crafted beauty that is memorable and appealing to the senses.”
